## TRAVELREPORT

# Uganda from an Holarctic perspective

## 20-01 t/m 31-01-2012

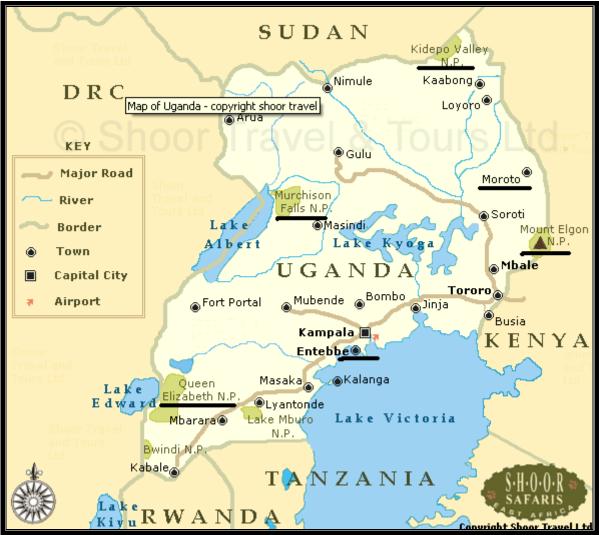

African Skimmers 22-01-2012, Queen Elisabeth NP.

Max Berlijn Wilhelminastraat 9 6285 AS Epen (LB) Nederland **m.berlijn@mandema.nl** 

#### **ITENERARY**

- **Fri 20-01:** Flew from Amsterdam via Kigali to Entebbe and arrived in the late evening and was picked up by Alfred and the team (Judge (driver) and Finney (intern)).
- Sat 21-01: Birded in the early morning at Mabamba Swamp later on birded while driving from Entebbe via Kaku swamp to Queen Elisabeth NP (QENP).
- Sun 22-01: Birded at QENP all day including a boat trip..
- Mon 23-01: Birded while driving from QENP to Muchison Falls (MF), arriving in the evening around 20.00 hour.
- **Thue 24-01**: Birded all day at Muchison Falls including a boat trip and slept on the other side of the river Nile as the day before
- Wed 25-01: Drove with birding stops (very little) from MF to Kidepo, arriving around 20.00 hours and slept in the very and to pooch Apoka Lodge.
- **Thur 26-01**: Birding al day at Kidepo NP.
- **Fri 27-01**: Birding in the morning at Kidepo and later on drove to Moroto with a broken engine (water pump) in the afternoon.
- Sat 28-01:. Birded with local Shirley in the early morning behind Moroto and later on drove with birding stops to MT Elgon and birded there in the evening.
- Sun 29-01: Drove from MT Elgon with birding stops to Entebbe.
- Mon 30-01: Birded at two swamps near Entebbe and did two boat trips. In the evening flew from Entebbe to Amsterdam
- Thue 31-01: Arriving in the early morning in Amsterdam.

Map of the visited area's during the trip.

#### Legenda:

<u>\*AAAA</u> = New Holarctic Species (22) (New life species not marked because they are to many.) <u>AAAAA</u> = Good species for the trip or for me

The list order is conform Palaearctic Birds by Beaman with the recent changes on the splitting and lumping issue mainly based on publications in the "important magazines". Subspecies is only mentioned when thought to be important and really visible in the field. The totals of birds per species are just a total of the birds I saw to give an idea how many of a species you encounter during a trip. Only species seen are mentioned. A total of .. species was seen by myself

The weather was constantly warm with during the days 30 C, almost no wind and no rain.

### THE BIRDSPECIES

Allen's Gallinule on a small pond at Kidepo was a surprise at this site (and not in focus because of the heat haze)

Diederik Cuckoo more heard than seen

Wattled Starling at Kidepo

Golden-breasted Bunting by Alfred Twinomujuni.

Gambaga Flycatcher, thanks to my guide one bird at M.P.

Spotted Eagle The first for the country..

Ostrich, the right subspecies as a former breeder of the holarctic

Pied Wheatear a winter bird at Apoka lodge, Kidepo

The surprise of the trip, this former breeder of Egypt(ian Plover)

Plain Nightjar, not easy to ID in winter, but Malcolm helped a lot.

Caspian Plovers where a nice find at M.P. two birds where coming into summer plumage

Shoebill near Entebbe, a wonder that this species still is walking around on this earth.....

Schemen Darch,         Biology analysis         Control freedom         Point drade           Control (1): Drade         Cont	English Name	Scientific name		Status Holarctic

Blue-naped Mousebird Urocolius macrourus A bit less common and more seen in the north, also in little flocks.		Colius striatus	Commonly seen spread over the trip in small flocks						
	Blue-naped Mousebird	Urocolius macrourus	A bit less common and more seen in the north, also in little flocks.						

Malachite Kingfisher	Alcedo cristata	Quite commonly occur during the trip, the common of Vinglisher	
African Pygmy Kingfisher	Ispidina picta	Quite commonly seen during the trip, the commonest Kingfisher. 22-01 1 ex. at QENP + 24-01 4 ex. (one in the hand, ringed) at M.P., blue crown.	
Grey-headed Kingfisher	Halcyon leucocephala	Seen on three days of the trip with the most on 24-01 (common on that day)	
Woodland Kingfisher	Halcyon senegalensis	A total of 10 seen spread over the trip	
Striped Kingfisher	Halcyon chelicuti	A total of 6 seen spread over the trip	
Giant Kingfisher	Megaceryle maxima	29-01 1 ex. in flight over the road. Unmistakably.	
Pied Kingfisher	Ceryle rudis	Very commonly seen along the rivers and by far the most common kingfisher.	
Red-throated Bee-eater	Merops bulocki	24-01 commonly seen along the river at M.P.	
Little Bee-eater	Merops pusillus	22-01 2 ex. at QENP.	
Blue-breasted Bee-eater	Merops variegatus	21-01 commonly seen in Mabamba Swamp + 30-01 commonly seen in the two visited swamps near Entebbe.	
Cinnamon-chested Bee-eater	Merops oreobates	28-01 10 ex. at Moroto. Good views	
Swallow-tailed Bee-eater	Merops hirundineus	26-02 2 ex. at Kidepo, nice views, with good views of the tail	
White-throated Bee-eater	Merops albicollis	A total of 53 seen in the lowlands (often near water) during the trip	
Blue-cheeked Bee-eater	Merops persicus	22-01 15 ex. at QENP (along the river) + 24-01 3 ex. at M.P.	
European Bee-eater	Merops apiaster	22-01 2 ex. seen near the place we spent the night at QENP	
Abyssinian Roller	Coracias abyssinicus	Commonly seen in the north.	
*Lilac-breasted Roller	Coracias caudatus	21-01 15 ex. seen on the wire's along the way, strangely only seen on this day.	Vagrant Yemen and Oman
Broad-billed Roller	Eurystomus glaucurus	A total of 14 seen, mostly in the south.	
Rufous-crowned Roller	Coracias naevia	About 3 seen on the wire's in the north.	
Eurasian Hoopoe	Upupa epops	A total of 15 seen spread over several days during the trip	
Green Wood-Hoopoe	Phoeniculus purpureus	26-01 2 ex. at Kidepo. Very long tails.	
Abyssinian Scimitarbill	Rhinopomastus minor	27-01 1 ex. seen while waiting for a car repair near Moroto.	
Red-billed Hornbill	Tockus erythrorhynchus	A total of 7 birds seen in the north of Uganda.	
Jackson's Hornbill	Tockus jacksoni	26-011 ex. seen well at Kidepo	
African Pied Hornbill	Tockus fasciatus	21-1 about 10 seen in pairs along the way. Medium sized hornbill	
Hemprich's Hornbill	Tockus hemprichii	28-01 2 ex. at Moroto near the hotel found on call.	
African Grey Hornbill Black and white assgued Hernbill	Tockus nasutus	Seen at four days of the trip and most common in the northern part of the trip.	
Black-and-white-casqued Hornbill	Bycanistes subcylindricus	21-01 2 ex. a pair along the way + 30-01 1 ex. seen well along the way.	
Abyssinian Ground Hornbill	Bucorvus abyssinicus	A total of 10 birds seen often in pairs spread over the trip	1
Red-and-yellow Barbet D'Arnaud's Barbet	Trachyphonus erythrocephal	26-1 3 ex. at several places in the north (Kidepo), great views of this rare sp. We where surprised to see them that easy 26-01 1 ex. at Kidepo 28-01 2 ex. at Moroto	1
Grey-throated Barbet	Trachyphonus darnaudii Gymnobucco bonapartei	23-01 2 ex. in a tree coming out of a patch of forest along the way.	1
Yellow-fronted Tinkerbird	Pogoniulus chrysoconus	22-01 z ex. at a tee coming out of a patch of forest along the way.	
Black-billed Barbet	Lybius guifsobalito	22-01 FBX at UECKPT. 23-01 Fex, somewhere along the way. A small barbet.	
Double-toothed Barbet	Lybius bidentatus	23-01 2 ex. a pair, along the way to M.P.	
Greater Honeyguide	Indicator indicator	2 birds seen in small orchards on 26 + 28-01	
Nubian Woodpecker	Campethera nubica	A total of 5 seen in the north of the country	
Cardinal Woodpecker	Dendropicos fuscescens	28-01 4 s. at Moroto	
African Grey Woodpecker	Dendropicos goertae	27-01 1 ex. seen quite well along the way. A quite big woodpecker	
Black-and-white Shrike-flycatcher	Bias musicus	30-01 f ex. seen while getting into the boats at a swamp near Entebbe.	
Brown-throated Wattle-eye	Platysteira cyanea	22-01 Fex. at QENP + 28-01 Fex. at Moroto.	
Chinspot Batis	Batis molitor	28-01 1 ex. at a small forest patch near Mt Elgon	
Pink-footed Puffback	Dryoscopus angolensis	28-01 2 ex, a pair at a small forest patch near Mt Elgon	
Black-crowned Tchagra	Tchagra senegalus	A total of 5 seen spread over the trip	
Brown-crowned Tchagra	Tchagra australis	28-01 2 ex. at a morning walk behind Moroto	
Lühder's Bush-Shrike	Laniarius luehderi	28-01 1 ex. at a small forest patch near Mt Elgon. What a bird!, the mother all Bush-Shrikes by looks.	
Black-headed Gonolek	Laniarius erythrogaster	22-01 3 e. at QENP	
Papyrus Gonolek	Laniarius mufumbiri	A total of 6 seen (and heard) at papyrus swamps in the lowlands.	
Orange-breasted Bush-Shrike	Chlorophoneus sulfureopect	u 24-01 1 ex. at M.P.	
Purple-throated Cuckoo-shrike	Campephaga quiscalina	28-01 1 ex. in a little patch of forest at Mt Elgon	
Daurian Shrike	Lanius isabellinus	24-01 3 ex. near the river at M.P.	
*Grey-backed Fiscal	Lanius excubitoroides	Common throughout the trip, nice birds very long tailed	Breeder Mali + Sudan
Common Fiscal	Lanius collaris	23-01 1 ex. seen on the wire along the way, black back and smaller.	
Woodchat Shrike	Lanius senator	24-01 4 ex. spread over the day at M.P + 26-01 1 ex. at Kidepo.	
Yellow-billed Shrike	Corvinella corvina	26+27-01 common at Kidepo.	
Northern White-crowned Shrike	Eurocephalus rueppelli	Commonly seen in the north.	
African Golden Oriole	Oriolus auratus	26-01 1 ex. at Kidepo.	
Fork-tailed Drongo	Dicrurus adsimilis	A total of 4 birds seen spread over the trip usual at cultivated sites. 28-01 3 ex. during around Mt Elgon.	
African Paradise-Flycatcher	Terpsiphone viridis	28-01 3 ex. ouring around int Eigon.	
Piapiac Biod Crow	Ptilostomus afer	Common in the north behaving like an Oxpecker.	
Pied Crow	Corvus albus	Common in the north, mainly in the cities	
Fan-tailed Raven	Corvus rhipidurus	Seen daily in the north, often in pairs near cliffs. 21-01 1 ex seen in a small town near Entebbe on the roof of a house. Huge bird with a huge swollen bill	
White-naped Raven Red-winged Lark	Corvus albicollis Mirafra hypermetra	21-01 1 ex seen in a smail town near Enterboe on the roor of a nouse. Huge bird with a huge swollen bill 26-01 5 ex. at Kidepo, in song while perched. A very big rufous lark singing from bushes.	1
Red-winged Lark Rufous-naped Lark	Mirafra africana	22-01 5 ex. at kidepo, in song while perched. A very big rurous lark singing from bushes.	1
Flappet Lark	Mirafra rufocinnamomea	Common throughout also on Kidepo (where not mapped in the book)	1
Red-capped Lark	Calandrella cinerea	22-01 2 ex. seen very well close to the car. Like a red capped Short-toed Lark.	1
Brown-throated (Plain) Martin	Riparia paludicola	22-01 z ex. seen very well in light at the river at QEUPPL ShortNeed Lark.	
Sand Martin	Riparia riparia	Common throughout the trip. In large flocks often near water.	
Rock Martin	Ptyonoprogne fuligula	26-01 3 ex. at Apoka lodge, Kidepo	
Barn Swallow	Hirundo rustica	Common throughout the trip, maybe already migrants (many males)	
*Ethiopian Swallow	Hirundo aethiopica	29-01 5 ex. on the wire's at a food stop driving back to Kampala + 30-01 2 ex. with Barn Sw. at a Swamp near Entebbe	Extreme vagrant Israel
Angola Swallow	Hirundo angolensis	23-01 f ex. seen well somewhere along the way to M.P., smoky underparts.	
Wire-tailed Swallow	Hirundo smithii	22-01 f ex. at QENP, + 24-01 5 ex. at M.P, often solitaire and near water.	1
Red-rumped Swallow	Cecropis daurica	23-01 5 ex. in a flock sitting in a small tree at a stop near a forest edge.	1
*Lesser Striped Swallow	Cecropis abyssinica	22-01 1 ex, in a big flock of hirundine at QENP, + a total of 7 ex, at the boat trips at the swamps near Entebbe.	Less than annual V. Arab.
Red-breasted Swallow	Cecropis semirufa	A total of 14 seen spread over the trip, very much like Red-rumped but plainer and more intense coloured on the underp.	
African Blue Flycatcher	Elminia longicauda	28-01 2 ex. in a small patch of forest at Mt Elgon	
White-bellied Tit	Parus albiventris	28-01 Lex. in a small patch of forest near Mt Elgon	
Common Bulbul	Pycnonotus barbatus	Quite common thoughout the trip	I
Slender-billed Greenbul	Andropadus gracilirostris	28-01 1 ex. seen feeding in a small patch of forest at Mt Elgon.	
	-		-

Willow Warbler	Phylloscopus trochilus	22-01 1 ex. at QENP + 28-01 1 ex. at Mt Elgon, quite grey birds.	
Eastern Olivaceous Warbler	Hippolais pallida	A total of 4 birds seen spread over the trip and therefore the most common palearctic winter bird of the trip	
Moustached Warbler	Melocichla mentalis	A total of 3 seen spread over several days. Often found on song. A big warbler.	
Sedge Warbler	Acrocephalus schoenobaenu	22-01 10 ex. singeng along the river at QENP	
African Reed Warbler	Acrocephalus baeticatus	22-01 5 ex. seen well along the river at QENP. A slow moving quite grey small acro, quite different from Eurasian.	
Marsh Warbler	Acrocephalus palustris	24-01 2 ex. seen very well (long wings with tips at primaries) at the entrance of M.P. Great to see them here.	
Greater Swamp-Warbler	Acrocephalus rufescens	21-01 1 ex. seen while getting in the boat at Mabamba Swamp. Big long tailed.	
Black-throated Apalis	Apalis jacksoni	28-01 ex. together in a small patch of forest near Mt Elgon. Very nice birds to see.	
Buff-throated Apalis	Apalis rufogularis	28-01 3 ex. in a small patch of forest near Mt Elgon	
Green-backed Camaroptera	Camaroptera brachyura	24-01 1 ex. in the hand of one of the bird binders at M.P + 28-01 1 ex. at a small patch of forest near Mt Elgon	
Rattling Cisticola	Cisticola chiniana	Common in the north mostly near Moroto and surroundings.	
Winding Cisticola	Cisticola marginatus	Common in the marshes in the south (Entebbe, Mabamba)	
Carruthers's Cisticola	Cisticola carruthersi	30-03 3 ex. in the marshes near Entebbe.	
Croaking Cisticola	Cisticola natalensis	22-01 1 ex. found on song at QENP + 26-01 common at Kidepo	
Foxy Cisticola	Cisticola troglodytes	26-01 6 ex. feeding on the road! at Kidepo, all together, nice views off this easy to ID cisticola	
Zitting Cisticola	Cisticola juncidis	22-01 10 ex. at QENP.	
Blackcap	Sylvia atricapilla	28-01 1 male at a small patch of forest near Mt Elgon. Strange to see it in these surroundings.	
		2001 Thinke at a small patch of lotest near Mit Eight. Strange to see it in these surfoundings.	
Buff-bellied Warbler	Phyllolais pulchella	26-01 2 ex. at Kidepo behind Apoka lodge, a nondescript prinia like warbler.	
White-browed Crombec	Sylvietta leucophrys	28-01 1 ex. seen very well in a small patch of forest near Mt Elgon.	
Northern Crombec	Sylvietta brachyura	Quite common often in pairs spread over the trip	
Red-faced Crombec	Sylvietta whytii	27-01 1 ex. at a broken car stop near Moroto.	
Silverbird	Empidornis semipartitus	Quite commonly seen spread over the trip, often solitaire.	
Pale Flycatcher	Bradornis pallidus	27-01 2 ex. at a broken car stop near Moroto. A big flycatcher.	
White-eyed Slaty Flycatcher	Dioptrornis fischeri	28-01 1 ex. in a mall patch of forest near Mt Elgon. Evering bird	
Northern Black Flycatcher	Melaenornis edolioides	22-01 1 ex. at QENP a big flycatcher, loves open bushy area's	
*Gambaga Flycatcher	Muscicapa gambagae	22-01 res. at Certification and the set of t	Summer Br. Yemen + S.Ar
Swamp Flycatcher	Muscicapa gambagae Muscicapa aquatica	24-01 i seen wenning a recently ourned open area at M.P (near the lodge). Smail, short blied Spotled Prycatcher, see dig. Common in the southern Marshes but absent in the north.	Sammer Dr. Temen + S.Al
African Dusky Flycatcher	Muscicapa adusta	1 ex. seen very well in a small patch of forest near Mt Elgon.	
White-browed Robin-Chat	Cossypha heuglini	A total of 4 seen at scrub places visited in the trip, more heard than seen.	
Spotted Morning-Thrush	Garrulax ocellatus	24-01 1 ex. seen very well behind the lodge of M.P.	
Brown-backed Scrub-Robin	Cercotrichas hartlaubi	23-01 1 ex. along the way coming out of a small patch of forest in song.	
White-browed Scrub-Robin	Cercotrichas leucophrys	26-01 1 ex. at Kidepo + 28-01 1 ex. in the scope at Moroto.	
Northern Wheatear	Oenanthe oenanthe	Common in the north and there seen daily	
Western Black-eared Wheatear	Oenanthe hispanica	26-1 1 female at Kidepo. Seen at close range. A small pied like wheatear with a very warm beige coloured mantle. New for the guide	
Pied Wheatear	Oenanthe pleschanka	26-01 1 male behind Apoka lodge, great views and digi's	
Capped Wheatear	Oenanthe pleata	22-01 1 male giving great views at QENP. A big wheatear. It supposed to be a vagrant in Uganda?	
Capped Wheatean			
Isabelline Wheatear	Oenanthe isabellina	Quite common in the north, less than Northern.	
Whinchat	Saxicola rubetra	The most common bird of the trip in the open aea's with scattered bushes.	
African Stonechat	Saxicola torquatus	30-01 1 nice male at one of the swamps near Entebbe	
Sooty Chat	Myrmecocichla nigra	A total of 7 birds seen spread over the trip	
Mocking Cliff-Chat	Thamnolaea cinnamomeiven	23-01 1 male at Kidepo while we searched in vain for Verreaux's Eagle.	
African Thrush	Turdus pelios	A total of 5 seen spread over the trip	
Rufous Chatterer	Turdoides rubiginosa	28-01 4 ex. in one family flock at Moroto in the early morning. Noisy birds	
Black-lored Babbler	Turdoides sharpei	22-01 5 ex in one family flock at QENP	
African Yellow White-eye	Zosterops senegalensis	22-01 Sex at a small patch of forest near Mt Elgon.	1
*Wattled Starling	Creatophora cinerea	26-01 15 ex. in one flock coming into drink in the evening at Kidepo + 27-01 9 there and near Moroto. One male with wattles	Rain migrant Arabia
			Kain nigrant Arabia
Greater Blue-eared Starling	Lamprotornis chalybaeus	Common in the north of Uganda	
Lesser Blue-eared Starling	Lamprotornis chloropterus	23-01 1 ex. at M.P + 26-0110 ex. at Kidepo.	
Rüppell's Starling	Lamprotornis purpuroptera	The common starling in the south.	
Superb Starling	Lamprotornis superbus	The common starling in the north.	
*Violet-backed Starling Red-winged Starling	Cinnyricinclus leucogaster	24-01 15 ex. in a small flock in flight going to a roost at M.P. + 25-01 2 ex. seen very well in a tree (1 nice m.) along the way	Rain migrant Arabia
Red-winged Starling	Onychognathus morio	26-01 6 ex. at Kidepo in one flock at a hillside (with rocks).	
*Red-billed Oxpecker	Buphagus erythrorhynchus	26-01 10 ex. from Apoka lodge at Kidepo on the backs of waterbuffelo.	Vagrant Yemen
Yellow-billed Oxpecker	Buphagus africanus	Common in the south of Uganda.	
Eastern Violet-backed Sunbird	Anthreptes orientalis	27-01 2 ex. seen near Moroto while waiting for the car repair. ID on geographical place in the country	1
Pygmy Sunbird	Hedydipna platura	26-011 ex. seen in flight (unmistakable) along the way	
Green-headed Sunbird	Cyanomitra verticalis	28-01 1 ex. in the small patch of forest at Moroto	
Scarlet-chested Sunbird	Chalcomitra senegalensis	The commonest sunbird recorded at the trip in the southern parts of Uganda.	
Bronze Sunbird	Nectarinia kilimensis	28-01 1 ex. seen in the small patch of forest at Moroto	
Northern Double-collared Sunbird	Cinnyris reichenowi	28-01 1 male at Moroto on an early birdwalk.	
Beautiful Sunbird	Cinnyris pulchellus	24-01 1 ex. along the river while waiting for the boat at M.P.	
Mariqua Sunbird	Trichoglossus capistratus	28-01 2 ex. at Moroto on an early birdwalk	
Western Yellow Wagtail	Eopsaltria griseogularis	Common in th lowlands subsp seen: flava/beema?(c), thunbergi (c), cinereocapilla/pygmaea (at leat two birds)	
White Wagtail	Motacilla alba	28-01 1 ex. in front of a house along the way, seems to be rare this far south?	
*African Pied Wagtail	Motacilla aguimp	Very common spread over the trip, mostly in pairs	Rare breeder Egypt
*African (Graceland) Binit	Anthus cinnamomeus	21+22-01 3 ex. in and near QENP + 30-01 1 ex. near Entebbe, like a small Richards with buff underparts.	Breeding bird Yemen +S.A
*African (Grassland) Pipit Tree Pipit	Anthus trivialis	21122 of a characterized and the state of th	breeding bird Temen +5.A
		28-01 7 ex. in two small flocks at Moroto, feeding in the garden of the hostel	
Red-throated Pipit	Anthus cervinus	27-01 3 ex. at two little ponds at Kidepo. Mainly heard.	
Yellow-throated Longclaw	Macronyx croceus	Quite common in the south (QENP) in savannah area's	
Cinnamon-breasted Bunting	Emberiza tahapisi	22-01 15 ex. in small flocks at QENP. Good views of one of my favourite family of birds	
Golden-breasted Bunting	Emberiza flaviventris	28-01 1 ex. seen very well in the scope behind Moroto. I whish it was Holarctic so beautiful	
White-rumped Seedeater	Calidris fuscicollis	26-01 5 ex. at Apoka lodge at Kidepo	
Yellow-rumped Seedeater	Serinus reichenowi	28-01 5 ex. at Moroto. One small flock.	
Yellow-fronted Canary	Crithagra mozambica	22-01 2 ex. at QENP.	1
African Citril	Crithagra citrinelloides	22-01 2 eX. at a little patch of forest near Mt Elgon	1
	Crithagra culleburges	22 01 Fox in a transformed mode of a small patient of forest plana the wey. Bis server	1
Brimstone Canary	Crithagra sulphurata	23-01 1 ex, in a tree at the edge of a small patch of forest along the way. Big canary	
House Sparrow	Passer domesticus	Small numbers seen in quite a few villages.	
Grey-headed Sparrow	Lonchura griseicapilla	The commonest sparrow recorded during the trip.	
Yellow-spotted Petronia	Gymnoris pyrgita	26-01 2 ex. at Kidepo + 28-01 1 ex. at Moroto	
White-billed Buffalo-Weaver	Bubalornis albirostris	26-01 20 ex. at Kidepo in one flock on the early morning drive.	
White-headed Buffalo-Weaver	Dinemellia dinemelli	A total of 18 birds seen on three days in the north (Kidepo). Obvious birds with there red vents.	
-	-		-

Speckle-fronted Weaver	Sporopipes frontalis	Common in M.P. and Kidepo in small flocks	
White-browed Sparrow-Weaver	Plocepasser mahali	Common at Kidepo in small flocks	
Chestnut-crowned Sparrow-Weaver	Plocepasser superciliosus	23-01 1 ex. seen well along the way	
Grey-headed Social-Weaver	Lonchura griseicapilla	26-01 10 ex. in one flock on the road at Kidepo. One of the nonholarctic birds of the trip, very nice and estrid like.	
Red-headed Weaver	Anaplectes melanotis	26-01 2 ex. at Kidepo ssp: leuconotus with a white belly.	
Baglafecht Weaver	Ploceus baglafecht	21-01 1 ex. seen quite well (yellow eye) at Kaku swamp	
Little Weaver	Ploceus luteolus	24-01 common at the river at M.P.	
Slender-billed Weaver	Ploceus pelzelni	22-01 20 ex. together in a flock at QENP along the river, some summer plumage birds	
Black-necked Weaver	Ploceus nigricollis	28-01 4 ex. in a small patch of forest near Mt Elgon	
Black-billed Weaver	Ploceus melanogaster	28-01 3 ex. together in a small patch of forest near Mt Elgon	
Northern Brown-throated Weaver	Ploceus castanops	30-01 5 ex. at the two swamps visited near Entebbe.	
Vieillot's Weaver	Ploceus nigerrimus	30-01 1 ex. along the way between the two swamps visited.	
Village Weaver	Ploceus cucullatus	Common around and in QENP	
Weyns's Weaver	Ploceus weynsi	21-01 15 ex. in one flock flighing over Kaku swamp.	
Yellow-backed Weaver	Ploceus melanocephalus	Common at Kaku swamp and a few at QENP	
Golden-backed Weaver	Ploceus jacksoni	Common at Kaku swamp.	
Cadinal Quelea	Quelea cardinalis	26-01 common at Kidepo, with red heads on the males	
Red-billed Quelea	Quelea quelea	Common at Kaku and QENP.	
White-winged Widowbird	Euplectes albonotatus	22-01 3 ex. at QENP, with a quite short tail	
Fan-tailed Widowbird	Euplectes axillaris	21-01 4 ex. along the way to QENP	
Pale-fronted Negrofinch	Notiochelidon flavipes	28-01 5 ex. seen very well (great birds) at a forest near Mt Elgon	
Common Waxbill	Estrilda astrild	21-01 5 ex. in one flock along the way (close to Kaku swamp), finally after all the introduced ones a countable record.	
Black-crowned Waxbill	Estrilda nonnula	21-01 8 ex. at Kaku swamp + 28-01 4 ex. at a small forest near Mt Elgon.	
Black-faced Waxbill	Estrilda erythronotos	21-01 2 ex. at Kaku swamp, great to see my former cage birds in the field	
Black-cheeked Waxbill	Estrilda charmosyna	28-01 2 ex. at Moroto during the early morning walk	
Red-cheeked Cordonbleu	Cossypha natalensis	The commonest waxbill of the trip, more common in the north.	
Purple Grenadier	Uraeginthus ianthinogaster	26-01 6 ex. (some males) seen well at Kidepo. Also a foremer popular cagebird for me.	
Red-billed Fire Finch	Lagonosticta senegala	The second most commonest waxbill of the trip, often near water.	
Bar-breasted Fire-Finch	Lagonosticta rufopicta	24-01 30 ex. in several flocks at M.P.	
Jameson's Fire-Finch	Lagonosticta rhodopareia	28-01 15 ex. at the lodge where we spent the night at Mt Elgon	
Bronze Mannikin	Lonchura cucullata	Quite common in the south of the country	
Pin-tailed Whydah	Vidua macroura	22-01 50 ex. in a big flock (with some males in breeding plumage but with short tales) at QENP	
Village Indigobird	Vidua chalybeata	30-01 1 male seen along the way in a tree.	

#### MAMMALS

**Guereza Colobus** *Colobus guereza* – 1 seen along the way

Olive Baboon Papio anubis – Seen in small numbers spread over the trip in the lowlands.

Patas Monkey Cercopithecus patas – Seen in small numbers in the north (Kidepo)

Uganda Grass Hare *Poelagus marjorita* - Small numbers were seen during our night-drive in Murchison Falls National Park.

Common Jackal Canis aureus – 1 at Apoka lodge Kidepo

Swamp Otter Aonyx congica - 2 seen at a swamp near Enthebbe

White-tailed Mongoose Ichneumia albicauda: One was seen at night at Kidepo.

**<u>Spotted Hyena</u>** Crocuta crocuta – 1 seen very well at Kidepo near Apoka lodge coming from the night drive.

<u>**Common Genet**</u> Genetta genetta – 2 seen on a (dark) early morning walk behind one of the lodges at M.P. One in a tree and one on the ground. The spots get bigger to the back of the animal.

Lion Panthera leo – A total of 6 seen at QENP (1), M.P (3) and Kidepo (2 at night) all but one females and one immature male.

Rock Hyrax Dendrohyrax johnstoni – Seen at a few rocky places in the north.

African Elephant Loxodonta Africana - Reasonable numbers of these leviathans were seen in Murchison Falls but there were more in Queen Elizabeth National Park and a few at Kidepo

Common Zebra Equus quagga - Small numbers at Kidepo

**Hippopotamus** *Hippopotamus amphibious* - Uganda has to be THE place to see these amazing animals with hundreds and hundreds lining the waterways, and often rather close to the boats!

**Common Warthog** *Phacochoerus africanus* - Quite commonly seen at al three parks. **Bush Pig** – Potamochoerus larvatus - A small flock on the southern shore at M.P.

**Rothschild's Giraffe** *Giraffa (camelopardalis) rothschildi* - Good numbers, including some very attractively marked individuals, were counted on the north bank of the Nile in Murchison Falls National Park. A recent paper *Extensive Population Genetic Structure in the* Giraffe by David M. Brown *et al.* that there should be as many as six separate species. The animals in Uganda would be split as Rothschild's Giraffe *G. rothschildi*.

African Buffalo Syncerus caffer - Easily seen in Murchison Falls, Queen Elizabeth and Kidepo

**Bushbuck** *Tragelaphus scriptus* - A delicate and attractive antelope that was seen well in small numbers in Murchison Falls, Queen Elizabeth N.P.

**Bush Duiker** Sylvicapra grimmia – Quite common in Kidepo also some at rocky area's considered different according to my guide.

**Oribi** *Ourebia ourebi* - A medium sized antelope that is particularly common in the grasslands on the north bank of the Nile in Murchison Falls National Park and Kidepo **Kob** *Kobus kob* - The race concerned is known as Uganda Kob *K. k. thomasi.* Many were seen in Murchison Falls and Queen Elizabeth National Parks

**Waterbuck** *Kobus ellipsiprymnus* - The race concerned is Defassa Waterbuck *K. e. defassa*. Good numbers in Murchison Falls, Queen Elizabeth and Kidepo.

**Topi** *Damaliscus lunatus* - This strange antelope with goat-like eyes was seen at Kidepo. The subspecies concerned is *D. I. jimela*.
